

### EPD32-FD

## 32" Solar Powered Wireless E Ink Poster

The revolutionary Agile Display Solutions EPD32-FD (Forever Display™) is the first full-color digital display that requires no maintenance whatsoever. Using Spectra™ 6 technology from E Ink, it attaches to a wall or shelf as easily as a poster. Hang one, dozens, or thousands of displays, with no cables required, and never touch them again.

A top-mounted solar array powers the display indefinitely under normal store lighting. Control all of them and schedule content simply and wirelessly from your central office, using an easy-to-use web interface or standard API commands. Setting up each display requires less than 5 minutes using a mobile app available on Apple's App Store or Google's Play Store. The future of retail display technology has truly arrived.

### Key Features

- **No Cables or Battery Charging Required**

  - Hang once, never touch again
  - Place in aisles, endcaps or areas where digital signage was previously impractical
  - Significantly reduces installation cost vs. LCD
  - Eliminates labor and improves ROI
- **The Most Sustainable Signage Solution, Period**

  - No printing, no errors, no shipping, no waste
  - Consumes no electricity whatsoever
  - Eliminates battery waste in landfills
  - Advances your company's ESG objectives
- **Easy Set Up and Control**

  - Quickly set up displays using EPD Tool™ mobile app
  - Precisely schedule when content appears on screen
  - Auto-change content by time of day or day of week
- **Compatible with your Network**

  - Choose whether to use the CloudPoster website, or use standard API commands to control displays from your existing CMS system
- **Cutting-edge E Ink Spectra 6 technology**

  - 2560x1440 resolution, 65,000 colors
  - Renowned sheen and legibility of ePaper

## EPD32-FD 32" Solar Powered Wireless E Ink Poster

DISPLAY	
Size	31.5"
Resolution	2560x1440 Pixels
Finish	Matte Reflective (Paper-Like)
Pixel Density	93 PPI
Colors	65,000 Colors
Time To Change Image	approx. 18 Seconds
Portrait/Landscape	Mount Horizontally or Vertically
Construction	Aluminum
Mounting	100 x 100 VESA or D-Ring Picture Hangers
PROCESSING	
CPU	ARM A55 Quad Core
Storage	16 GB
Controls	On/Off, Image Select
Firmware Updates	Automatic Over-the-Air (OTA) Updates
