EPD13

13" Wireless ePaper Poster

The EPD13 from Agile Display Solutions is the perfect replacement for conventional door signs, notices, and information sheets. Unlike printed signs, its content can be changed regularly by the central office, and is always up-to-date.

Battery life is an impressive 3.7 years if the image is changed once per day. Like other ePaper screens from Agile, the EPD13 benefits from a fully-developed cloud backend compatible with CMS providers such as Navori. Using Agile's advanced Color Fidelity Algorithm, the EPD13 displays vivid colors that meet tolerances required by major brands.

Key Features

- **3.7-year Battery Life**
  Longer battery life than other 13" ePaper displays

- **Vivid, Brand-Correct Colors**
  Uses Color Fidelity Algorithm for more saturated and smoother colors
  Can recognize brand logos in image
  Can meet color tolerances for major brands

- **Compatible with your CMS Network**
  Uses robust CloudPoster backend to load content
  Compatible with Navori
  Can be adapted to other CMS providers using Agile Conversion Engine (ACE)

- **Thin & Light**
  Sleek, lightweight plastic housing

- **Cutting-edge E Ink Spectra 6 technology**
  1600x1200 resolution, 65,000 colors
  Renowned sheen and legibility of ePaper
